

UPASANA TAILOR

FULL STACK DEVELOPER

PROFILE

Full Stack Developer with 3+ years of experience designing and deploying scalable web applications. Skilled in React, Node.js, PostgreSQL, and AWS with a strong track record in mentoring, clean code practices, and agile product development. Passionate about building performant solutions that improve user experience and business outcomes.

PROFESSIONAL EXPERIENCE

Full Stack Developer

2022- PRESENT

- **DCI (Digital Career Institute gmbh)**
- Trained over 100+ students in full stack web development using HTML, CSS, JavaScript, React.js, Redux, Node.js, Next.js, GraphQL
- Designed and delivered end-to-end project-based learning modules simulating real-world product development
- Mentored students on best practices in clean code, version control (Git), testing, and deployment
- Worked on internal tools for student progress tracking, assignment review, and automated feedback using Next.js, MongoDB, and Node.js
- Collaborated with other instructors to continuously update curriculum with latest frameworks and practices used in tech industry
- Conducted regular code reviews and mock technical interviews to prepare students for job placements

CDAC (IOT) India (Centre for Development of Advanced Computing) — [Bangalore]

- Developed and maintained full stack web applications using React.js, Node.js
- Created responsive front-end interfaces with HTML, CSS, and JavaScript, ensuring cross-browser compatibility
- Built RESTful APIs for data exchange between client and server
- Participated in requirement analysis, module planning, and debugging in a collaborative development environment
- Used tools like Git, Postman, and MySQL for version control, API testing, and database management
